ADDRESS: HNO 1-77,Settivedu Village,Chagalamarri Mandal,Andhra Pradesh,India

CAREER OBJECTIVE:

To work in organization that gives me a plat from to improve my skills and knowledge to grow along with organization objective and to continue the given work whole heartedly with dedication and to give my best for the growth of organization

EDUCATIONAL QUALIFICATIONS:

COURSE	INSTITUTE	YEAR OF PASSING	PERCENTAGE
B.Tech (CSE & CYBERSECURITY)	RajeevGandi memorial of engineering and technology	2024	Pursuing
DIPLOMA	SVR ENGINEERING COLLEGE	2024	76%
10 th Class (SSC)	ZP HIGH SCHOOL(BOYS)	2021	89.33 (GPA)

TECHNICALSKILLS:

- **Frontend:** HTML
- **Backend:** JAVA
- PYTHON
- SQL
- BASIC NETWORKING

CERTIFICATION:

- I have done a certificate course on Java Full Stack Development
- AWS Cloud Practitioner Certification (2024)
- Oracle Certified Professional (OCP), Oracle – 2025

PROJECTS:

- **MiniProject:**

STAFF MANAGEMENT

Description: The Staff Management System is a software solution designed to efficiently manage employee information and streamline HR processes. It helps organizations with tasks such as maintaining staff records, tracking attendance, managing leaves, generating payroll, and monitoring performance. The system ensures secure data handling, role-based access, and smooth communication between staff and management. By automating routine tasks, it reduces administrative workload and improves operational efficiency.

Network Intrusion Detection System Using Missing Data Imputation (Academic Assignment, 2025)

- Built an IDS model capable of detecting network attacks even with incomplete or missing data.
- Used ML-based imputation techniques (KNN, Autoencoder) to reconstruct missing features.
- Trained classifiers like Random Forest and SVM for accurate attack detection.
- Improved detection accuracy and reduced false positives using the DMDI approach.
- Tools: Python, Scikit-Learn, Pandas, NumPy.

ACHIEVEMENT'S:

- 1st price holder of School Level in Running.
- Runner up of Kabaddi Player
- Participated in an 8-hour Hackathon, gaining hands-on exposure to problem-solving and technical collaboration

EXTRA-CURRICULARACTIVITIES:

- Department Coordinator of CSE dept for Events & Fests (2021-2022).
