Professional Summary

Computer Science Engineering (Cyber Security) student with hands-on experience in **Python**, **Machine Learning**, **Computer Vision**, and **Web Development**. Engineered **2 AI-powered applications** using **YOLOv8**, **OpenCV**, **Flask**, and **Scikit-learn**. Seeking an entry-level **Software Developer**, **Python Developer**, or **AI/ML Engineer** role to build scalable, secure, real-world software solutions.

Technical Skills

Programming Languages: Python, Java, SQL, HTML

Concepts: OOP, Data Structures & Algorithms, Machine Learning, Computer Vision, REST APIs

Libraries: OpenCV, YOLOv8, NumPy, Pandas, Scikit-learn

Frameworks: Flask

Tools: Git, GitHub, VS Code

Operating Systems: Windows, Linux, Kali Linux

Cloud: AWS (Cloud Practitioner)

Projects

Emergency Vehicle Priority Detection | *Python, YOLOv8, OpenCV, Flask*

GitHub

- Developed an AI-powered traffic monitoring system to detect emergency vehicles from live CCTV video feeds.
- Built a Flask web application enabling video upload and real-time detection.
- Applied computer vision techniques to support faster traffic-priority decisions.

AI Interview Agent | *Python, Streamlit, Gemini API, Speech Recognition, TTS*

GitHub

- Developed an AI-powered interview assistant for technical and HR mock interviews.
- Integrated the Gemini API to generate interview questions and evaluate candidate responses.
- Implemented speech recognition and text-to-speech for interactive, voice-based interviews, delivering real-time feedback through a Streamlit interface.

Staff Management System | *Java, SQL*

- Developed a staff management application to handle employee records, attendance, payroll, and leave requests.
- Implemented CRUD operations with a SQL database and role-based access control.
- Improved administrative efficiency by automating routine HR processes.

Education

Rajeev Gandhi Memorial College of Engineering and Technology

Expected 2027

B.Tech, Computer Science Engineering (Cyber Security)

SVR Engineering College

2024

Diploma

Score: 76%

ZP High School (Boys)

2021

SSC

Score: 89.33%

Certifications

Java Full Stack Development – Certification Course

AWS Cloud Practitioner Certification – 2024

Oracle Certified Professional (OCP) – Oracle, 2025

Cybersecurity Fundamentals – IBM

Leadership & Activities

Mentor | *CCT Club*

- Mentored junior students in Python programming, coding concepts, and software development.
- Guided peers in project development, debugging, and technical problem-solving.
- Promoted teamwork and collaborative learning through technical mentoring.

Core Competencies

Problem Solving · Teamwork · Quick Learner · Communication · Adaptability
