Profile

I'm an Engineering student specializing in Computer Science and Cyber Security, passionate about ethical hacking, secure systems, and penetration testing. I continuously explore cybersecurity tools, vulnerabilities, secure coding, and defense techniques to grow as a cybersecurity professional. I also have hands-on experience in Java Full Stack Development, working with Java, Python, and modern frontend/backend technologies. I'm open to internships and collaborations in cybersecurity, ethical hacking, full-stack development, and software engineering.

Experience

Full Stack Development Intern - SmartBridge (July/2025 - September/2025).

- Completed a two-month virtual internship in Full Stack Development (MERN) in collaboration with APSCHE.
- Gained specialized experience in MongoDB and developed scalable web applications using modern development frameworks.
- Successfully built and deployed projects as part of a short-term industry-aligned program.

Projects

Online Admission System

I created a website called Online Admission System. It's a web-based application designed to streamline and automate the process of student admissions for educational institutions.

Food - Ordering

Created a responsive food ordering app featuring menu browsing, cart functionality, and seamless order placement. Implemented scalable backend services and clean, maintainable code for smooth user experience.

Intrusion Detection System

Built a lightweight IDS that detects potential cyber threats by analyzing network traffic patterns and system behavior. Integrated logging, alert generation, and visualization features to support real-time security analysis.

Skills

Technical skills — Java ,SQL

Web development — HTML, CSS, JavaScript

Security Tools — Wireshark, Maltego, Guymager.

Soft Skills — Team Collaboration,Time Management.

Education

CSE(Cyber Security)	Rajeev Gandhi Memorial Collage of Engineering and Technology	2024 – 2027 Nandyal, India
Diploma in Computer Engineering 90%	Loyola Polytechnical Collage	2021 – 2024 Pulivendula, India
SSC 10 points	Sri.G.Venkatappa Memorial School	2021 Pulivendula, India

Certificates

- Java Full Stack Professional Certificate at Thops Tech Career Solutions.
- AWS Academy Graduate - AWS Academy Cloud Foundations.
- Short-Term Internship of 2 months on Full Stack Development (MERN) Organized by SmartBridge Educational Services
- Cybersecurity Fundamentals by IBM.
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional

Achivements

Smart India Hackathon [2024] Participated in Smart India Hackathon 2024, gaining hands-on experience in teamwork, problem-solving.
